DP4K-32B

Ultra-bright Enhanced 4K DLP Cinema projector for screens up to 32m (105ft)

The Barco DP4K-32B is an ultra-bright Enhanced 4K cinema projector for screens up to 32m (105ft). Featuring Texas Instruments' **1.38" DLP Cinema® chip**, the DP4K-32B is specifically designed to ensure a razor-sharp movie experience on premium cinema screens.

Ultra-sharp image quality

The DP4K-32B combines this ultra-sharp image quality with an easy-to-use **modular** design, exceptional long lifetime and lowest cost of ownership.

Vibrant color accuracy

The top-of-the-line DP4K-32B brings stunning images in **Enhanced 4K resolution (4,096 x 2,160),** combined with ultimate brightness and vibrant color-accuracy time after time.

Ultimate brightness

Thanks to its highly efficient optical design and patented **DMD cooling system**, the DP4K-32B is the brightest cinema projector in its class - your guarantee for an unequalled, premium cinema experience.

Also available as fully integrated DC package

The DP4K-32B projector is also available as fully integrated, ready-to-use projection and media server solution. This **DP4K-32Bx package** combines the Barco DP4K-32B projector with a Doremi ShowVault and IMB media server. The package offers a worry-free solution for all theaters that wish to go digital with a minimal hassle and risk. Another major plus is that this integrated system is compatible today with higher frame rates up to 120 fps in 2D and 60 fps in 3D, which makes it a perfect match for playing out Hollywood's upcoming HFR releases.
